

## Soroptimist International of Hood River 2018 "Women of Distinction" Award

Each year Soroptimist International of Hood River honors women who have made a difference in the life of our community or in the lives of women and girls in Hood River County. Our community benefits from the work of these outstanding citizens and we ask your help in making sure they are recognized. Thank you for taking the time to nominate a woman you believe is a Woman of Distinction.

Please include this page with your nomination. As you prepare your nomination, please be sure to include all activities that show your nominee's dedication, effectiveness and vision. Tell her story with both examples and timelines so our three judges will be able to understand and compare your nominee's qualifications against those of other nominees. Letters of support are particularly helpful, but please limit them to three.
